CITY NEWS.

For yesterday's noon dispatches see fourth page.

To the Advertising Patrons of the Democrat.

We have already notified many of the advertising patrons of the Democrat that owing to the advancing price of everything owing to the publication of a newspaper, and the increased wages of printers and others, we are compelled to adopt a new scale of rates, to commence on the 1st of January, 1864.

We have inclosed a circular to our advertisers generally. The rates will apply to all old patrons, as well as new ones. This change is imperatively demanded by our increased expenses in printing the paper, and is reluctantly asked. When the greatly increased circulation of the Democrat is taken into account, the schedule rates do not make it more costly in proportion to publicity given than it has been heretofore.

If any of our old patrons do not feel inclined to adopt the new rates they will please inform us; and should we not, in a reasonable space of time, hear from them, we shall consider them as having assented to the changes. If any desire to change their mode of advertising, or to increase or reduce the quantity of matter, they will please call at the office.

Remember Tom Carey's benefit Friday night.

A MAN ATTEMPTS TO MURDER HIS WIFE.

Yesterday a most cowardly and outrageous attempt at murder was made upon the person of Mrs. Conley, by her husband, Ed. Conley, at about 5 o'clock in the morning. The parties resided on Main street, between Tenth and Eleventh, and at the hour named Conley returned home under the influence of strong drink, seized his wife by the throat, he thrust into her mouth the point of a grass-hook, and by twisting and turning it around he inflicted upon her a very serious wound, which may prove fatal. Her mouth and throat are badly hurt, and the jugular vein was nearly severed. Some one in the house who heard the difficulty went for an officer, and returned with officer Green, who was accompanied by two citizens. When officer Green went to arrest the inhuman fiend, he turned upon him with a knife, inflicting a very serious cut in the officer's left hand, and the wrench also cut the two citizens who accompanied the officer. After a short time the ruffian and assassin was arrested and lodged in jail. The reason given by Conley for the murderous assault was, that his wife had been unfaithful, and had been too intimate with a number of her male friends. Mrs. Conley had received the visits of one of her old friends, and Conley became so jealous of his wife that he attempted to take her life. His case will be investigated before Judge Johnson as soon as the condition of his wife will admit.

Secure your seats early for Friday night. Carey's friends are legion.

We are requested to announce that the school on the Point will be reopened on Wednesday, the 4th day of January.

It is a great opportunity to again renew our acquaintance with those who have wronged even unintentionally the citizens of this locality. There is no portion of our city where a school is more needed, and where more peaceful, honest and industrious citizens reside. We cordially congratulate them upon the establishment of a school which does away with the necessity of sending their children to a distant city school. We wish them all success, and hope they will avail themselves of the advantages of which they are justly worthy.

NEW YEAR'S DINNER FOR THE INVALID CORPS.

Two hundred and fifty of these brave men are at Camp Joe Holt. Some noble-hearted ladies are preparing a New Year's dinner for them. Who will help in the good work? Turkeys, chickens, jellies, apples, &c., &c., will be welcome. It is desired that all contributions be sent in by noon of Thursday, 31st inst., to the Sanitary Rooms on Fifth street, between Main and Market. The gallant men had no Christmas dinner. Let the New Year's dinner fill their hearts with joy and gladness.

OUTRAGEOUS CONDUCT.

Last evening a party of drunken soldiers belonging to an Ohio regiment entered the drugstore of Edward C. Pinfelt & Brother, at the corner of Tenth and Broadway, and demanded liquor, and upon being refused by Mr. P., they commenced abusing him, and even went so far as to make an assault upon him. The provost guard being attracted by the noise, arrested the rioters, whom they placed in the military prison.

Cut—A man by the name of Cornelius Brophy, while in a beastly state of intoxication, was badly cut in the left side at a late hour on Tuesday night by some unknown person in a drinking saloon on Fourth street. The wound, though a very serious one, it is thought will not prove fatal. No clue has yet been obtained as to who committed the murderous assault.

DEATH OF AN OLD CITIZEN.

We are called upon to announce the death of Moses Dickson, of the well-known firm of Dickson & Gilmore. He died at his residence on the 29th inst. His funeral will take place from his late residence, corner of Main and Brook streets, on the 31st, at 11 o'clock A. M.

The WATER SHUT OFF.—It will be seen by reference to the advertisement of the President of the Water Company, in another column, that the water was shut off this morning at half-past twelve o'clock, for the purpose of repairing a leak in the main pipe leading from the reservoir.

The notice in our paper yesterday of the Female High School was erroneous. The building will not be dedicated for some days yet. The pupils are requested to assemble for other purposes.

Tom Carey will be at the box-office on Friday night, and will be happy to see his many friends on that evening.

We learn that during the coming week several changes will be made in the military government of the city, the particulars of which will be published when the appointments are made.

The Twenty-eighth Pennsylvania volunteers passed through this city yesterday en route for home, on a fairground of thirty days, having re-qualified for another term of three years.

On yesterday twenty-six deserters were brought to this city from St. Louis. They are confined in the barracks.

No extra charge will be made for standing.

A LARGE AMOUNT OF "GREENBACKS" BURNT.

We are informed that on yesterday morning Mr. Tutwiler, who resides on Fifth street, between Breckinridge and York, lost between twenty three and twenty-four hundred dollars under the following peculiar circumstances: He had his money in the house and had been in the habit of placing it under his pillow at night; but on last Sunday night his wife insisted upon his removing it to some safe place, as she had of late read several accounts in the daily papers of some of the adroit thieves who infest our city, stealing money from under the pillows of different persons while they are asleep. At the time Mrs. Tutwiler spoke in regard to the moving of the money to a safe place, it was late at night, and in order to relieve the fears of his wife, Mr. Tutwiler placed the money in the chimney. In this place of fancied security it remained until yesterday morning, when Mrs. Tutwiler, forgetting for a moment where the money was, placed a fire in the grate. Immediately after starting the fire the thought flashed across her mind that the large amount of money wrapped in a newspaper had been placed up the chimney. She instantly reached for it, but to her horror it was destroyed by the fiery element, and in a few moments the earnings of several months' hard labor was lost. Persons having such large amounts of money should place it in some of our banking institutions, which is always the safest place. Mr. Tutwiler is a hard-working industrious man, and the loss of this large amount is a very serious embarrassment to him. The amount was all he possessed, with the exception of a few hundred dollars.

SCALING POVERTY.

There was yesterday at the city wharf a man, his wife and four children, who seemed to have reached the lowest depth of poverty and destitution. They were from Jackson county, Alabama. The mother and her four little children were miserably clad, and looked as though they had never seen water, and were unacquainted with its cleansing properties. The man seemed to be lost and bewildered, and without energy to provide for his miserable family. A little girl (an angel rather, whose name we could not learn, went to the officers of the steamer Tempest, and obtained a ticket for the poor woman. Mr. Farnell, the wharfmaster, kindly obtained a wagon, in which their few ragged ones, and the wretched group sent to Jeffersonville, where the man expected to find shelter for his family and employment. If Alabama has many such people left, her condition must be wretched beyond description.

Gold and silver will not be taken at the box office Friday night, Carey not having time to look at it.

By a letter received in this city from the Twenty-second Kentucky volunteers, we learn that the regiment is at present stationed at Plaquemine, Louisiana. The number of troops at that place is about 2,000. The Louisville boys are going to publish a paper called the "Picket Guard." Lieut. Chas. G. Shanks, late of the "Journal" office, will be editor; Capt. Jack Hughes, publisher. Sergeant Tom Collins and Enoch Napier, of the "Democrat" office, and John Rhorer, are the composers. Please X.

We are proud to learn that Geo. W. Moore, the gallant and brave, has received the eagle on his worthy and deserving shoulders. May a star soon put the eagle to flight. The balance of that gallant war-worn band of heroes are at present in excellent health and spirits.

EMBEZZLING GOVERNMENT FUNDS.

On the 26th of the present month a dispatch was received by the chief of police here to arrest a citizen by the name of John Newton, who had been in the employ of the Government as mate on the steamer Danbar, and who had the day previous absconded from Bridgeport, Alabama, with a large amount of Government funds. On Monday night officers Bligh and Tiller succeeded in arresting Newton in this city and lodged him in jail. The fact of his arrest was telegraphed to the military authorities at the front, and yesterday a dispatch was received here from the front to hold Newton, and that Lieutenant Moore would be sent here to take charge of Newton and carry him to the front where he will be tried by court martial.

Tom Carey pledges himself to change a bill in three seconds.

WASHINGTON, December 30.

The following has been received at head-
quarters of the army:
To Maj. Gen. Halleck:

Col. Long, of the Fourth Ohio cavalry,
commanding Second Division of Cavalry, re-
ports that he has captured a supply train of the
rebel Gen. Wheeler, with twelve or fifteen
hundred cavalry and mounted infantry, at
Charleston, on the 24th of the month.

The rebels afterwards gave way,
and Col. Long pursued them closely. Discover-
ing a fortified position, he ordered his troops
to attack it, and they were repulsed. He then
moved on, and captured a large quantity of
ammunition, and a number of prisoners.

The main rebel column fled, and was pur-
sued for several miles. The captured supplies
were found to be of great value.

Col. Long's loss was one man slightly
wounded.

The officer in command of the courier sta-
tion at Charleston also reports that he was at-
tacked early this morning by a force of one
hundred rebels. He drove them off, and cap-
tured a number of prisoners.

Major General Commanding.
CAIRO, December 30.

The guerrillas along the river have been
very quiet since Gen. Grant's advance. They
are now confined to the neighborhood of the
operations against St. Louis, and are less fre-
quent.

The brigade has captured within the
last few weeks over fifty prisoners, many of
them officers, and upwards of one hundred
mules and horses.

The steamer Belle Memphis has arrived.
She has on board and seventy bales of cotton
for St. Louis.

Memphis dates to the 28th have been re-
ceived. The new cotton has been sold at 10
cents per bale. The sales for the week amount-
ed to 1,649 bales, being two hundred and fifty
bales less than the previous week.

A large number of refugees, in a destitute
condition, have arrived from Alabama.

FINANCE AND TRADE.

OFFICE OF THE LOUISVILLE DEMOCRAT.

The money market continues easy, most of our banks
taking nearly all the good business paper of their
customers running not over 90 days at 4 per cent, and all
the bills on the East, including at about 90 days,
at 10 per cent, but no business men do not resort much to
loans.

Exchange is abundant but the quality of currency
appears to be getting poorer. The quality of the
gold and silver coins is getting poorer. The quality of the
gold and silver coins is getting poorer.

Markets Carefully Corrected Daily.
There is no special activity in the flour market,
but prices are unchanged. We quote superfine at

WASHINGTON, December 30.

The following has been received at head-
quarters of the army:
To Maj. Gen. Halleck:

Col. Long, of the Fourth Ohio cavalry,
commanding Second Division of Cavalry, re-
ports that he has captured a supply train of the
rebel Gen. Wheeler, with twelve or fifteen
hundred cavalry and mounted infantry, at
Charleston, on the 24th of the month.

The rebels afterwards gave way,
and Col. Long pursued them closely. Discover-
ing a fortified position, he ordered his troops
to attack it, and they were repulsed. He then
moved on, and captured a large quantity of
ammunition, and a number of prisoners.

The main rebel column fled, and was pur-
sued for several miles. The captured supplies
were found to be of great value.

Col. Long's loss was one man slightly
wounded.

The officer in command of the courier sta-
tion at Charleston also reports that he was at-
tacked early this morning by a force of one
hundred rebels. He drove them off, and cap-
tured a number of prisoners.

Major General Commanding.

The guerrillas along the river have been
very quiet since Gen. Grant's advance. They
are now confined to the neighborhood of the
operations against St. Louis, and are less fre-
quent.

The brigade has captured within the
last few weeks over fifty prisoners, many of
them officers, and upwards of one hundred
mules and horses.

The steamer Belle Memphis has arrived.
She has on board and seventy bales of cotton
for St. Louis.

Memphis dates to the 28th have been re-
ceived. The new cotton has been sold at 10
cents per bale. The sales for the week amount-
ed to 1,649 bales, being two hundred and fifty
bales less than the previous week.

A large number of refugees, in a destitute
condition, have arrived from Alabama.
